

2016 Attachment & Trauma Conference

Healing Complex Trauma & Attachment Dysregulation
in Children, Adolescents & Adults

April 1 – 5, 2017

Featuring Key Note Speaker: Dr. Martin Teicher, world renowned neuroscientist, Director of the Developmental Biopsychiatry Research Program at McLean Hospital and an Associate Professor of Psychiatry Harvard University.

This comprehensive conference will cover the following topics:

- Understanding the foundations (including neurological, social, physiological, and psychological implications of trauma and attachment dysregulation)
- Phase-based clinical applications to promote healing and integration of trauma and attachment dysregulation
- The importance of establishing boundaries, self-compassion, and healthy relationships
- Working with dimensions of consciousness using the TRASC (Trauma Altered States of Consciousness) Model
- How to cultivate empowered boundaries, healthy expression of anger, and personal agency

Conference Workshop Overview:

Day 1 & 2 ~ April 1 & 2: Understanding the Foundations of Trauma and Attachment & Day 2 Phase-Based Clinical Applications to Promote Healing and Integration of Trauma and Attachment Dysregulation – with Presenter: Lori Gill

Day 3 ~ April 3: Childhood Abuse, Brain Development, Psychopathology and Addictions with presenter: Dr. Martin Teicher
