

2017 Attachment & Trauma Conference

Summer Trauma & Attachment Certification Series

July 15 - 20, 2017

Featuring Key Note Speaker: Dr. Paul Frewen. Paul is a professor at Western University, Chair of Traumatic Stress Section of the Canadian Psychological Association (CPA), and is co author of the book: Healing the Traumatized Self and offers a wealth of knowledge. We are thrilled to have him presenting at our Summer certification series!

This comprehensive conference will cover the following topics:

- Understanding the foundations (including neurological, social, physiological, and psychological implications of trauma and attachment dysregulation)
- Phase-based clinical applications to promote healing and integration of trauma and attachment dysregulation
- The importance of establishing boundaries, self-compassion, and healthy relationships
- Working with dimensions of consciousness using the TRASC (Trauma Altered States of Consciousness) Model
- How to cultivate empowered boundaries, healthy expression of anger, and personal agency
